Dear Chip and Tara:

Enclosed is the Round 2A Quality Assurance Project Plan Addendum for the Portland Harbor RI/FS. This QAPP addendum is intended to be used in conjunction with the November 22, 2002 Round 1 Quality Assurance Project Plan and was prepared to specifically address the chemical analysis of water samples and biological testing of sediment samples that will be conducted in Round 2A, as well as any subsequent phases of the project.

If you have any questions, please call.

Very truly yours,

Bob Wyatt
